WASTE LESS

- A paper towel replacement made from bamboo.
- Very high moisture and dirt absorption
- Versatile usage

Environmentally friendly paper towel replacement for easy and effective cleaning.

PRODUCT FEATURES

WASTE LESS is a versatile cleaning cloth made from renewable bamboo. The viscose fiber of bamboo is highly absorbent of both dirt and liquid, making it perfectly suited to clean any part of your household. Additionally, JP's WASTE LESS excellently absorbs fats, oils, and other messes around the house. The cloth is easily washable, preventing it from leaving behind any odors or residues. Being particularly durable, say goodbye to disposable paper towels and hello to environmentally friendly cleaning.

APPLICATION

Can be used wet. Rinse well after use.

IMPORTANT

Please always follow the manufacturer's recommendations for cleaning and protecting your possessions.

TIP

Can also be used as a dishcloth.

CLEANING INSTRUCTIONS

Follow washing recommendations on the cloths washing label. Max. 60 °C [washing machine].

Wash in a WASHING BAG without adding other textiles. This is gentle on the fibers and prevents lint from sticking.
