

DATA SHEET

LIME LIGHT

Descaling agent

LIME LIGHT is strong against limescale, but gentle on surfaces! Our LIME LIGHT descaling agent is formulated with natural lactic acids. It powerfully descales all acid-resistant surfaces, as well as household appliances while being gentle on surfaces and rubber seals. LIME LIGHT is perfectly suited for coffee machines, water boilers, egg cookers, dishwashers, flat irons, and washing machines.

LIME LIGHT provides a lustrous, and most of all, food-safe result in just a few minutes.

DOSAGE & APPLICATION

- Descaling of machines:** Mix with water at a ratio of 1:5
After descaling, rinse well with water (2 to 3 times for coffee machines).
- Descaling of surfaces:** Mix with water at a ratio of 1:10 in the JP foam dispenser.
- Application examples:** Coffee makers, kettles, egg stoves, vases, sanitary objects, tiles, faucets, glass, and plastic surfaces.

IMPORTANT

Dampen cement joints before application.

Always follow the manufacturer's recommendations for cleaning and protection you possessions.

NOT SUITABLE FOR

Acid-sensitive surfaces, such as marble, calcareous natural stone surfaces, brass, enamel

TIP

Combining LIME LIGHT with SHINY DISH (0,7 oz) and water in the JP foam dispenser is efficient and practical for cleaning kitchen and bathroom fixtures, sinks, pots, vases, and anything that requires cleaning. After letting the product sit for a brief exposure time, clean it off with water.

For heavily calcified surfaces, coat the surface in foam and cover it with paper towels or foil to prevent drying out.

INGREDIENTS

AQUA, LACTIC ACID

TECHNICAL DATA

pH value: approx. 1-2

Color: colorless

CONTAINMENT

500 ml / 16,91 oz / 0,53 QT

CONTAINER/PACKAGING

HDPE – bottle with child safety cap

HAZARD WARNING

Causes severe skin burns and eye damage.

Keep out of reach of children. Do not breathe mist/vapors/spray. Wash hands thoroughly after handling. Wear protective gloves/eye protection. If swallowed: Rinse mouth. Do NOT induce vomiting. If on skin (or hair): Take off immediately all contaminated clothing. Rinse skin with water or shower. If inhaled: Remove person to fresh air and keep comfortable for breathing. If in eyes: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Immediately call a poison center/doctor. Specific treatment (see on this label). Wash contaminated clothing before reuse.
